

365 Days Challenge against LeetCode

Day	Focus	Problem Types	Done
1.	Arrays	Two Sum, Remove Duplicates from Sorted Array	<input type="checkbox"/>
2.	Arrays	Best Time to Buy & Sell Stock, Rotate Array	<input type="checkbox"/>
3.	Strings	Reverse String, Valid Palindrome	<input type="checkbox"/>
4.	Strings	Implement strStr(), Longest Common Prefix	<input type="checkbox"/>
5.	Arrays	Maximum Subarray (Kadane's), Move Zeroes	<input type="checkbox"/>
6.	Arrays	Product of Array Except Self, Subarray Sum Equals K	<input type="checkbox"/>
7.	Mixed	Contains Duplicate, Intersection of Two Arrays	<input type="checkbox"/>
8.	Linked List	Reverse Linked List, Merge Two Sorted Lists	<input type="checkbox"/>
9.	Linked List	Remove Nth Node from End, Linked List Cycle	<input type="checkbox"/>
10.	Hashing	Two Sum (HashMap), Group Anagrams	<input type="checkbox"/>
11.	Hashing	Happy Number, Subarray with Sum 0	<input type="checkbox"/>
12.	Linked List + Hashing	Copy List with Random Pointer, LRU Cache	<input type="checkbox"/>
13.	Linked List	Palindrome Linked List, Merge K Sorted Lists (Easy)	<input type="checkbox"/>
14.	Mixed	Intersection of Linked Lists, Minimum Index Sum of Two Lists	<input type="checkbox"/>
15.	Stack	Valid Parentheses, Min Stack	<input type="checkbox"/>
16.	Stack	Daily Temperatures, Next Greater Element	<input type="checkbox"/>
17.	Queue	Sliding Window Maximum, Implement Queue using Stacks	<input type="checkbox"/>
18.	Recursion	Climbing Stairs, Factorial (simple recursion)	<input type="checkbox"/>
19.	Recursion	Generate Parentheses, Pow(x, n)	<input type="checkbox"/>
20.	Backtracking	Subsets, Permutations	<input type="checkbox"/>
21.	Mixed	Combination Sum, Word Search (Easy)	<input type="checkbox"/>
22.	Binary Tree	Maximum Depth, Symmetric Tree	<input type="checkbox"/>
23.	Binary Tree	Invert Binary Tree, Same Tree	<input type="checkbox"/>
24.	BST	Validate BST, Lowest Common Ancestor	<input type="checkbox"/>

25.	Graph (BFS/DFS)	Number of Islands, Flood Fill	
26.	Graph (DFS + Union-Find)	Clone Graph, Connected Components	
27.	Arrays	3Sum, Container With Most Water	
28.	Arrays + Two Pointers	Trapping Rain Water, Merge Intervals	
29.	Strings + Sliding Window	Longest Substring Without Repeating Characters, Minimum Window Substring	
30.	Mixed Challenge	Jump Game, Coin Change (Easy/Medium)	
31.	1D DP	Climbing Stairs, House Robber	
32.	1D DP	Best Time to Buy & Sell Stock II, Maximum Subarray	
33.	1D DP	Fibonacci Number, Min Cost Climbing Stairs	
34.	1D DP	Decode Ways (Easy), Unique Paths	
35.	Subsequence DP	Longest Increasing Subsequence (Medium), Longest Common Subsequence (Easy)	
36.	Subsequence DP	Longest Palindromic Subsequence (Easy/Medium), Palindrome Partitioning (Easy)	
37.	Mixed	Minimum Path Sum, Coin Change (Easy)	
38.	Binary Tree DFS	Maximum Path Sum (Root-to-Leaf), Sum of Left Leaves	
39.	Binary Tree DFS	Diameter of Binary Tree, Path Sum	
40.	Binary Tree BFS	Level Order Traversal, Binary Tree Right Side View	
41.	Binary Tree/BST	Validate BST, Lowest Common Ancestor (BST)	
42.	Binary Tree/BST	Kth Smallest Element in BST, Inorder Successor	
43.	Binary Tree Advanced	Serialize & Deserialize Binary Tree, Balanced Binary Tree	
44.	Mixed Trees	Symmetric Tree, Construct Binary Tree from Preorder & Inorder	
45.	BFS	Number of Islands, Shortest Path in Binary Matrix	
46.	DFS	Flood Fill, Count Subgraphs with DFS	
47.	Graph Basics	Clone Graph, Graph Valid Tree	
48.	Union-Find	Friend Circles, Redundant Connection	
49.	Shortest Path	Course Schedule, Minimum Height Trees	
50.	Mixed Graphs	Pacific Atlantic Water Flow, Keys and Rooms	

51.	Graph Practice	Surrounded Regions, Word Ladder (Easy/Medium)	
52.	Sliding Window	Longest Substring Without Repeating Characters, Minimum Window Substring	
53.	Two Pointers	3Sum, 3Sum Closest	
54.	Two Pointers	4Sum, Container With Most Water	
55.	Prefix Sum	Subarray Sum Equals K, Range Sum Query – Immutable	
56.	Interval Problems	Merge Intervals, Insert Interval	
57.	Interval Problems	Non-overlapping Intervals, Meeting Rooms II	
58.	Mixed Arrays	Trapping Rain Water, Product of Array Except Self	
59.	Subsets	Subsets, Subsets II	
60.	Permutations	Permutations, Permutations II	
61.	Grid DP	Unique Paths II, Minimum Path Sum	
62.	Grid DP	Maximal Square, Dungeon Game (Easy/Medium)	
63.	Knapsack	0/1 Knapsack (Classic Problem), Partition Equal Subset Sum	
64.	Knapsack	Target Sum, Coin Change II	
65.	Sequence DP	Longest Increasing Subsequence (Medium), Longest Common Subsequence (Medium)	
66.	Sequence DP	Palindrome Partitioning II, Decode Ways II	
67.	Mixed DP	Jump Game, Jump Game II	
68.	Greedy	Jump Game III, Gas Station	
69.	Greedy	Candy (Distribute), Assign Cookies	
70.	Interval Scheduling	Non-overlapping Intervals, Meeting Rooms II	
71.	Interval Scheduling	Task Scheduler, Minimum Number of Arrows to Burst Balloons	
72.	Greedy + Sorting	Queue Reconstruction by Height, Boats to Save People	
73.	Mixed Greedy	Car Fleet, Partition Labels	
74.	Greedy Practice	Wiggle Subsequence, Maximum Product Subarray	
75.	Heap Basics	Kth Largest Element in Array, Merge K Sorted Lists	
76.	Heap + Sliding Window	Sliding Window Maximum, Top K Frequent Elements	

77.	Heap + Graph	Dijkstra Algorithm (Shortest Path Grid), Network Delay Time	
78.	Heap Practice	Find Median from Data Stream, Last Stone Weight	
79.	Heap + Arrays	K Closest Points to Origin, Smallest Range	
80.	Heap + Mixed	Task Scheduler (Heap Version), Reorganize String	
81.	Heap Challenge	Maximum Performance of a Team, Cheapest Flights Within K Stops	
82.	Graph BFS	Shortest Path in Binary Matrix, Walls and Gates	
83.	Graph DFS	Number of Islands II, Surrounded Regions	
84.	Graph Topological	Course Schedule I, Course Schedule II	
85.	Graph Dijkstra	Network Delay Time, Path with Minimum Effort	
86.	Graph Union-Find	Redundant Connection II, Accounts Merge	
87.	Graph Mixed	Clone Graph, Minimum Height Trees	
88.	Graph Practice	Word Ladder, Pacific Atlantic Water Flow	
89.	XOR Basics	Single Number, Single Number II	
90.	Bit Tricks	Counting Bits, Power of Two, Subsets using Bits	
91.	Subsets & Combinations	Subsets II, Combination Sum II	
92.	Combinations	Combination Sum III, Letter Combinations of a Phone Number	
93.	Permutations	Permutations II, Next Permutation	
94.	Grid Backtracking	Word Search, Rat in a Maze (classic)	
95.	Grid Backtracking	Sudoku Solver, Unique Paths III	
96.	N-Queens	N-Queens I, N-Queens II	
97.	Mixed Backtracking	Restore IP Addresses, Palindrome Partitioning II	
98.	Segment Tree Basics	Range Sum Query - Mutable, Range Minimum Query	
99.	Segment Tree Advanced	Maximum Sum Segment, Range Sum Query 2D – Mutable	
100.	Binary Indexed Tree (Fenwick Tree)	Range Sum Query, Count of Smaller Numbers After Self	
101.	BIT / Segment Tree	Product of Array Except Self (Segment Tree Version), Sum of Subarray Ranges	
102.	Advanced Queries	Count of Range Sum, Kth Smallest Number in Sorted Matrix	

103.	Mixed Segment Tree / BIT	Merge Intervals with Segment Tree, Interval Sum Queries	
104.	Practice / Optimization	Sliding Window Max (Segment Tree Version), Advanced Range Queries	
105.	DP on Tree	Maximum Path Sum in Binary Tree, House Robber III	
106.	DP on Tree	Diameter of Binary Tree, Count Number of Good Nodes	
107.	DP with Bitmask	Traveling Salesman Problem (Easy), Smallest Sufficient Team	
108.	Interval DP	Burst Balloons, Minimum Cost to Merge Stones	
109.	DP Optimization	Super Egg Drop, Palindrome Partitioning II	
110.	DP Practice	Longest Valid Parentheses, Largest Rectangle in Histogram	
111.	Mixed DP Challenge	Target Sum (Hard), Paint House II	
112.	Mixed Arrays	Sliding Window Median, Trapping Rain Water II	
113.	Mixed Strings	Minimum Window Subsequence, Longest Repeating Character Replacement	
114.	Mixed Graphs	Word Ladder II, Shortest Bridge	
115.	Mixed Heaps	Reorganize String II, Top K Frequent Words	
116.	Mixed Intervals	Maximum Number of Events That Can Be Attended, Non-overlapping Intervals	
117.	Mixed DP + Greedy	Jump Game VI, Maximum Product Subarray	
118.	Mixed Trees	Binary Tree Cameras, Lowest Common Ancestor of Deepest Leaves	
119.	Bitmask	Maximum XOR of Two Numbers in Array, Counting Bits (Advanced)	
120.	Miscellaneous Hard	Sliding Puzzle, Maximal Rectangle	
121.	MST Basics	Kruskal's Algorithm, Prim's Algorithm	
122.	MST Practice	Connecting Cities With Minimum Cost, Minimum Cost to Connect All Points	
123.	Shortest Path	Dijkstra (Weighted Graph), Cheapest Flights Within K Stops	
124.	Shortest Path	Bellman-Ford, Network Delay Time	
125.	Max Flow	Maximum Flow (Edmonds-Karp), Maximal Network Capacity	
126.	Graph Mixed	Course Schedule II, Alien Dictionary	
127.	Graph Challenge	Critical Connections in a Network, Redundant Connection II	

128.	Trie Basics	Implement Trie, Add and Search Word	
129.	Trie Search	Word Search II, Replace Words	
130.	Autocomplete	Design Search Autocomplete System, Stream of Characters	
131.	Advanced Strings	Minimum Window Subsequence, Longest Repeating Character Replacement	
132.	String Patterns	Encode and Decode Strings, Encode String with Shortest Length	
133.	Mixed Strings	Interleaving String, Valid Palindrome III	
134.	String Challenge	Regular Expression Matching, Wildcard Matching	
135.	Sliding Window	Longest Substring with At Most K Distinct Characters, Minimum Window Substring II	
136.	Sliding Window	Sliding Window Maximum, Sliding Window Median	
137.	Interval Problems	Merge Intervals, Insert Interval	
138.	Interval Advanced	Non-overlapping Intervals, Maximum Number of Events That Can Be Attended II	
139.	Mixed Sliding/Interval	Meeting Rooms II, Car Pooling	
140.	Mixed Sliding/Interval	Reorganize String, Smallest Range Covering Elements from K Lists	
141.	Challenge	Subarrays with K Different Integers, Count of Range Sum	
142.	Sequence DP	Longest Increasing Subsequence (Hard), Russian Doll Envelopes	
143.	Interval DP	Burst Balloons, Minimum Cost to Merge Stones	
144.	Grid DP	Dungeon Game, Cherry Pickup	
145.	Tree DP	Binary Tree Maximum Path Sum, House Robber III	
146.	Bitmask DP	Traveling Salesman Problem (Hard), Smallest Sufficient Team	
147.	Mixed DP	Palindrome Partitioning II, Edit Distance	
148.	Mixed DP Challenge	Super Egg Drop, Word Break II	
149.	Mixed Hard	Sliding Puzzle, Maximal Rectangle	
150.	Mixed Hard	Alien Dictionary II, Regular Expression Matching (Advanced)	
151.	Topological Sort	Course Schedule I, Course Schedule II	
152.	Topological Sort	Sequence Reconstruction, Minimum Height Trees	

153.	DAG Shortest Path	Network Delay Time, Cheapest Flights Within K Stops	
154.	DAG Advanced	Parallel Courses, Parallel Courses II	
155.	DAG Mixed	Task Scheduling, Minimum Semesters to Finish All Courses	
156.	Graph Challenge	Reconstruct Itinerary, Critical Connections in a Network	
157.	Graph Mixed Hard	Alien Dictionary, Redundant Connection II	
158.	Segment Tree	Range Sum Query - Mutable, Range Minimum Query	
159.	Segment Tree	Maximum Sum Segment, Interval Sum Queries	
160.	Segment Tree + Lazy Propagation	Range Addition, Range Update Queries	
161.	Binary Indexed Tree	Range Sum Query, Count of Smaller Numbers After Self	
162.	BIT / Segment Tree	Product of Array Except Self (Segment Tree Version), Sum of Subarray Ranges	
163.	Advanced Queries	Count of Range Sum, Kth Smallest Number in Sorted Matrix	
164.	Mixed Segment Tree/BIT	Sliding Window Max (Segment Tree Version), Advanced Range Queries	
165.	DP on Trees	Maximum Path Sum in Binary Tree, House Robber III	
166.	DP on Trees	Diameter of Binary Tree, Count Number of Good Nodes	
167.	DP with Bitmask	Traveling Salesman Problem (Hard), Smallest Sufficient Team	
168.	Interval DP	Burst Balloons, Minimum Cost to Merge Stones	
169.	DP Optimization	Super Egg Drop, Palindrome Partitioning II	
170.	DP Practice	Longest Valid Parentheses, Largest Rectangle in Histogram	
171.	Mixed DP Challenge	Target Sum (Hard), Paint House II	
172.	Subsets/Combinations	Subsets II, Combination Sum II	
173.	Combinations	Combination Sum III, Letter Combinations of a Phone Number	
174.	Permutations	Permutations II, Next Permutation	
175.	Grid Backtracking	Word Search, Rat in a Maze (classic)	
176.	Grid Backtracking	Sudoku Solver, Unique Paths III	
177.	N-Queens	N-Queens I, N-Queens II	

178.	Mixed Backtracking	Restore IP Addresses, Palindrome Partitioning II	
179.	Mixed Hard	Sliding Puzzle, Maximal Rectangle	
180.	Mixed Hard	Alien Dictionary II, Regular Expression Matching (Advanced)	
181.	Arrays	Two Sum, 3Sum (Review optimal solutions)	
182.	Arrays	Subarray Sum Equals K, Maximum Subarray	
183.	Strings	Longest Substring Without Repeating Characters, Minimum Window Substring	
184.	Strings	Valid Palindrome, Reverse Words in a String	
185.	Arrays + Strings	Container With Most Water, Trapping Rain Water	
186.	Linked List	Reverse Linked List, Merge Two Sorted Lists	
187.	Linked List	Remove Nth Node From End, Linked List Cycle	
188.	Stack	Min Stack, Next Greater Element	
189.	Queue	Sliding Window Maximum, Implement Queue Using Stacks	
190.	Hashing	Two Sum, Group Anagrams	
191.	Binary Tree	Maximum Depth, Symmetric Tree	
192.	Binary Tree	Diameter of Binary Tree, Path Sum	
193.	BST	Validate BST, Lowest Common Ancestor	
194.	Graph BFS/DFS	Number of Islands, Clone Graph	
195.	Graph MST / Topo	Kruskal/Prim, Course Schedule II	
196.	1D DP	Climbing Stairs, House Robber	
197.	1D/2D DP	Unique Paths, Minimum Path Sum	
198.	Backtracking	Subsets, Permutations	
199.	Backtracking	N-Queens, Word Search	
200.	Mixed DP / Backtracking	Burst Balloons, Target Sum	
201.	MST Advanced	Connecting Cities With Minimum Cost, Minimum Cost to Connect All Points	
202.	MST + Graph	Kruskal, Prim in practice (weighted graphs)	
203.	Max Flow	Maximum Flow (Edmonds-Karp), Maximal Network Capacity	

204.	DAG + DP	Parallel Courses, Parallel Courses II	
205.	DAG + DP	Task Scheduling, Minimum Semesters to Finish All Courses	
206.	Graph Hard	Critical Connections in a Network, Redundant Connection II	
207.	Graph Mixed	Reconstruct Itinerary, Alien Dictionary	
208.	Trie Basics	Implement Trie, Add and Search Word	
209.	Trie Search	Word Search II, Replace Words	
210.	Autocomplete	Design Search Autocomplete System, Stream of Characters	
211.	Trie + Strings	Encode and Decode Strings, Encode String with Shortest Length	
212.	Mixed Trie	Interleaving String, Valid Palindrome III	
213.	Advanced Trie	Regular Expression Matching (Prefix-based)	
214.	Trie Challenge	Wildcard Matching, Minimum Unique Word Abbreviation	
215.	Sliding Window	Longest Substring with At Most K Distinct Characters, Minimum Window Subsequence	
216.	Sliding Window	Sliding Window Maximum, Sliding Window Median	
217.	String Patterns	Minimum Window Subsequence, Longest Repeating Character Replacement	
218.	String + Pattern	Encode String with Shortest Length, Interleaving String	
219.	Multi-list Sliding Window	Smallest Range Covering Elements from K Lists, Subarrays with K Different Integers	
220.	Mixed Sliding	Count of Range Sum, Maximum Points You Can Obtain from Cards	
221.	Challenge	Longest Substring with At Most K Distinct Characters II, Subarray Product Less Than K	
222.	Segment Tree	Range Sum Query - Mutable, Range Minimum Query	
223.	Segment Tree	Maximum Sum Segment, Interval Sum Queries	
224.	Segment Tree + Lazy	Range Addition, Range Update Queries	
225.	BIT	Range Sum Query, Count of Smaller Numbers After Self	
226.	BIT / Segment Tree	Product of Array Except Self (Segment Tree Version), Sum of Subarray Ranges	
227.	Advanced Queries	Count of Range Sum, Kth Smallest Number in Sorted Matrix	
228.	Mixed Segment Tree / BIT	Sliding Window Max (Segment Tree Version), Advanced Range Queries	

229.	DP Bitmask	Traveling Salesman Problem (Hard), Smallest Sufficient Team	
230.	Mixed Hard DP	Burst Balloons, Minimum Cost to Merge Stones	
231.	Subsets/Combinations	Subsets II, Combination Sum II	
232.	Combinations	Combination Sum III, Letter Combinations of a Phone Number	
233.	Permutations	Permutations II, Next Permutation	
234.	Grid Backtracking	Word Search, Rat in a Maze (classic)	
235.	Grid Backtracking	Sudoku Solver, Unique Paths III	
236.	N-Queens	N-Queens I, N-Queens II	
237.	Mixed Backtracking	Restore IP Addresses, Palindrome Partitioning II	
238.	Max Flow	Maximum Flow (Edmonds-Karp), Maximal Network Capacity	
239.	Min Cost Flow	Minimum Cost Maximum Flow, Advanced Network Flow Variants	
240.	MST Advanced	Minimum Cost to Connect All Points, Connecting Cities With Minimum Cost	
241.	DAG + DP	Parallel Courses II, Task Scheduling	
242.	DAG + DP	Minimum Semesters to Finish All Courses, Critical Path Problems	
243.	Graph Challenge	Reconstruct Itinerary, Alien Dictionary	
244.	Graph Mixed Hard	Redundant Connection II, Critical Connections in a Network	
245.	DP Bitmask	Traveling Salesman Problem (Hard), Smallest Sufficient Team	
246.	Interval DP	Burst Balloons, Minimum Cost to Merge Stones	
247.	DP on Trees	Binary Tree Maximum Path Sum, House Robber III	
248.	DP on Grids	Cherry Pickup, Dungeon Game	
249.	Mixed DP	Super Egg Drop, Edit Distance	
250.	Mixed DP Challenge	Word Break II, Longest Valid Parentheses	
251.	Mixed Hard DP	Paint House II, Largest Rectangle in Histogram	
252.	Sliding Window	Longest Substring with At Most K Distinct Characters, Minimum Window Subsequence	
253.	Sliding Window	Sliding Window Maximum, Sliding Window Median	

254.	String Patterns	Minimum Window Subsequence, Longest Repeating Character Replacement	
255.	String + Pattern	Encode String with Shortest Length, Interleaving String	
256.	Multi-list Sliding Window	Smallest Range Covering Elements from K Lists, Subarrays with K Different Integers	
257.	Mixed Sliding	Count of Range Sum, Maximum Points You Can Obtain from Cards	
258.	Challenge	Longest Substring with At Most K Distinct Characters II, Subarray Product Less Than K	
259.	Mixed Hard	Sliding Puzzle, Maximal Rectangle	
260.	Mixed Hard	Alien Dictionary II, Regular Expression Matching (Advanced)	
261.	Multi-dimensional DP	Cherry Pickup II, Dungeon Game	
262.	Interval DP	Burst Balloons, Minimum Cost to Merge Stones	
263.	Sequence DP	Longest Increasing Subsequence (Hard), Russian Doll Envelopes	
264.	Tree DP	Binary Tree Maximum Path Sum, House Robber III	
265.	Bitmask DP	Traveling Salesman Problem (Hard), Smallest Sufficient Team	
266.	Grid DP	Unique Paths III, Super Egg Drop	
267.	Mixed Hard DP	Edit Distance, Palindrome Partitioning II	
268.	DAG + DP	Parallel Courses II, Minimum Semesters to Finish All Courses	
269.	DAG + DP	Task Scheduling, Critical Path Problems	
270.	MST + DP	Minimum Cost to Connect All Points, Connecting Cities With Minimum Cost	
271.	Graph Optimization	Reconstruct Itinerary, Alien Dictionary	
272.	Graph Challenge	Redundant Connection II, Critical Connections in a Network	
273.	Graph + DP	Network Delay Time, Maximum Performance of a Team	
274.	Graph Mixed Hard	Shortest Path in Weighted Graph, Cheapest Flights Within K Stops	
275.	Segment Tree + DP	Range Sum Query - Mutable, Maximum Sum Segment	
276.	Segment Tree + Lazy	Range Addition, Range Update Queries	
277.	Binary Indexed Tree + DP	Count of Smaller Numbers After Self, Product of Array Except Self	
278.	Advanced Queries	Count of Range Sum, Kth Smallest Number in Sorted Matrix	

279.	Mixed Segment Tree / BIT	Sliding Window Max (Segment Tree Version), Advanced Range Queries	
280.	Mixed Segment Tree / DP	Sum of Subarray Ranges, Maximum Points You Can Obtain from Cards	
281.	Challenge	Dynamic Range Query with Updates, Interval DP using Segment Tree	
282.	Trie Basics	Implement Trie, Add and Search Word	
283.	Trie Search	Word Search II, Replace Words	
284.	Autocomplete	Design Search Autocomplete System, Stream of Characters	
285.	String Patterns	Encode String with Shortest Length, Interleaving String	
286.	Simulation	Regular Expression Matching, Wildcard Matching	
287.	Simulation	Sliding Window Simulation, Multi-list Window Problems	
288.	Simulation	Subarray Product Less Than K, Count of Range Sum	
289.	Mixed Hard	Sliding Puzzle, Maximal Rectangle	
290.	Mixed Hard	Alien Dictionary II, Hard Mixed DP + Graph	
291.	Two Pointers	Two Sum, 3Sum (optimized)	
292.	Sliding Window	Longest Substring Without Repeating Characters, Minimum Window Substring	
293.	Prefix Sum	Subarray Sum Equals K, Product of Array Except Self	
294.	Intervals	Merge Intervals, Insert Interval	
295.	Arrays & Strings	Container With Most Water, Trapping Rain Water	
296.	Strings	Valid Parentheses, Reverse Words in a String	
297.	Strings	Longest Palindromic Substring, Palindrome Partitioning	
298.	Linked List	Reverse Linked List, Merge Two Sorted Lists	
299.	Linked List	Remove Nth Node From End, Linked List Cycle Detection	
300.	Stack	Min Stack, Next Greater Element	
301.	Queue	Sliding Window Maximum, Implement Queue Using Stacks	
302.	Heap	Kth Largest Element in Array, Top K Frequent Elements	
303.	Heap	Merge K Sorted Lists, Find Median from Data Stream	
304.	Mixed	Reorganize String, Task Scheduler	

305.	Binary Tree	Maximum Depth, Symmetric Tree	
306.	Binary Tree	Diameter of Binary Tree, Path Sum	
307.	BST	Validate BST, Lowest Common Ancestor of BST	
308.	DFS / BFS	Number of Islands, Clone Graph	
309.	BFS / Shortest Path	Course Schedule I, Course Schedule II	
310.	Graph Hard	Redundant Connection, Critical Connections in a Network	
311.	Mixed Trees/Graphs	Minimum Height Trees, Alien Dictionary	
312.	1D DP	Climbing Stairs, House Robber	
313.	1D DP	Best Time to Buy and Sell Stock I & II	
314.	2D DP	Unique Paths, Minimum Path Sum	
315.	Subsequence DP	Longest Increasing Subsequence, Longest Common Subsequence	
316.	Subsequence DP	Palindrome Partitioning II, Decode Ways	
317.	Mixed DP	Jump Game I & II, Maximum Subarray	
318.	Mixed DP	Super Egg Drop, Edit Distance	
319.	Subsets & Combinations	Subsets II, Combination Sum II	
320.	Permutations / Grid	Permutations II, Word Search	
321.	1D DP	Best Time to Buy and Sell Stock III, Maximum Product Subarray	
322.	1D DP	Jump Game VI, Decode Ways II	
323.	2D DP	Unique Paths III, Minimum Path Sum (Obstacle Grid)	
324.	Subsequence DP	Longest Increasing Subsequence (Hard), Longest Common Subsequence	
325.	Interval DP	Burst Balloons, Minimum Cost to Merge Stones	
326.	Mixed DP	Super Egg Drop, Paint House II	
327.	Mixed DP	Edit Distance, Word Break II	
328.	DAG + DP	Parallel Courses II, Task Scheduling	
329.	DAG + DP	Minimum Semesters to Finish All Courses, Critical Path Problems	
330.	Graph Optimization	Reconstruct Itinerary, Alien Dictionary	

331.	Graph Hard	Redundant Connection II, Critical Connections in a Network	
332.	MST + DP	Minimum Cost to Connect All Points, Connecting Cities With Minimum Cost	
333.	Graph + DP	Network Delay Time, Maximum Performance of a Team	
334.	Graph Mixed Hard	Shortest Path in Weighted Graph, Cheapest Flights Within K Stops	
335.	Trie Basics	Implement Trie, Add and Search Word	
336.	Trie Search	Word Search II, Replace Words	
337.	Autocomplete	Design Search Autocomplete System, Stream of Characters	
338.	String + Pattern	Encode String with Shortest Length, Interleaving String	
339.	String + Hashing	Minimum Window Subsequence, Longest Repeating Character Replacement	
340.	Hashing Advanced	Subarrays with K Different Integers, Count of Range Sum	
341.	String / Trie Challenge	Wildcard Matching, Regular Expression Matching	
342.	Sliding Window	Longest Substring with At Most K Distinct Characters, Minimum Window Subsequence	
343.	Sliding Window	Sliding Window Maximum, Sliding Window Median	
344.	Multi-list Window	Smallest Range Covering Elements from K Lists, Subarray Product Less Than K	
345.	Two Pointers	3Sum, 3Sum Closest	
346.	Two Pointers	4Sum, Container With Most Water	
347.	Mixed Sliding / Hash	Maximum Points You Can Obtain from Cards, Count of Range Sum	
348.	Mixed Challenge	Longest Substring with At Most K Distinct Characters II, Minimum Window Subsequence II	
349.	Mixed Hard	Sliding Puzzle, Maximal Rectangle	
350.	Mixed Hard	Alien Dictionary II, Hard Mixed DP + Graph	
351.	Arrays	Two Sum, 3Sum (optimized)	
352.	Arrays	Container With Most Water, Trapping Rain Water	
353.	Strings	Longest Substring Without Repeating Characters, Minimum Window Substring	
354.	Strings	Reverse Words in a String, Valid Palindrome	
355.	Two Pointers	3Sum Closest, 4Sum
